Michele Burke is a two-time Academy Award Winning Makeup Artist for the films, “Bram Stoker’s Dracula” and “Quest For Fire” as well as being nominated for “The Cell”, “Austin Powers, The Spy Who Shagged Me”, “Cyrano De Bergerac” and “Clan Of The Cave Bear”. Michele is a two-time winner of the British Academy Award for “Cyrano De Bergerac” and “Quest for Fire” and was nominated for, “Interview with the Vampire”. In addition to this, Michele was the recipient of the Emmy Award for “Alien Nation”. Michele has worked with many talented photographers including Patrick Shaw, Helmut Newton, and Herb Ritts.

“I have a very straight forward approach to makeup... Explore the creative boundaries of the assignment while keeping the execution simple, quick and effective. My intent is, to trap the ugliness in beauty and the beauty in ugliness” -- the latter exposes the inner-most heart/dynamic of a character – no matter how disturbing at first. It draws one closer and opens up an extreme level of humanity and compassion, so we can understand their evil, justifications and rationale”.
